TAKE THE LUNCH TIME TROLLEY TO NORTHERLY ISLAND

In conjunction with the building's LEED Certification plans, 515 North State Street has adopted one acre of land at Northerly Island to show our commitment to preserving the environment. Please join us on Friday, April 30th for a trolley ride to visit our one acre adopted site.

Bring a packed lunch and enjoy the scenery, take an afternoon walk around the island, or participate in one of two guided tours.

The trolley will shuttle from 515 North State Street to Northerly Island approximately every 30 minutes from 11am to 3pm. All activities are weather permitting.

HOPE TO SEE YOU THERE!!!

Get Your Discount on Green Supplies

515 North State Street has arranged for the tenants of the building to receive an additional discount for a variety of Green Items purchased through Staples. We will be featuring a Green Item of the Month in the 515 North State Street Newsletter. April's Item of the Month will be **Avery Recyclable Binders**. Its one piece board construction is made with 100% recycled chipboard. Separate the ring assembly from the cover and the cover can go in the paper recycling bin while the rings go in the metals recycling bin.

Introducing Toner Recycling

The recycling program at 515 North State Street is getting even better! You will no longer need to hold onto your ink/toner cartridges until the quarterly E-Waste drive. We will be adding a recycling receptacle specifically for ink/toner cartridges located in the mail room in the lobby. All toners will be used to remanufacture new cartridges by Staples. These recycled toners were featured in March's Newsletter. We will be accepting toner cartridges effective Friday, April 9th.

Be sure to visit 515 North State Street's website at www.515northstate.com and click on the recently renovated **Green Corner** where you can view updated information about the building and its LEED Certification efforts.
