

CONSTRUCTION UPDATE

The southeast plaza handrail project is progressing as expected and on schedule for completion during the first week of September. We have been able to leave a small portion of the stairs open for pedestrian traffic during the current phase; however, we anticipate the entire area to be closed while the remaining stone is removed. This phase of the work will start in early August and last approximately 2 - 3 weeks. We thank you for your cooperation and are organizing a "Grand Reopening" party as soon as the work is complete. In the near future we plan to add a construction update section to our 515 website with information pertaining to all of all the projects happening around us.
